

## COVID-19: New Government support package for businesses is NOW OPEN

Hi there

As we announced last week, the government has **established a new package to help businesses** starting in December for the next few months named Activate Tāmaki Makaurau.

Businesses will apply for up to **\$3000 worth of advice** and planning support and then receive up to **\$4,000 to implement that advice.**

**It had just gone live a couple of days ago, and now it's time to apply!**

Let's work together; **mention us (MediaPA Ltd) as a service provider!** Our team of experts with years of experience in digital enablement will share their insight and knowledge to make your business thrive.

Our leading role with this NEW programme will be to focus on **getting results on advice and implementation in line with:**

- Marketing: Digital enablement, Digital marketing, Marketing strategies, ecommerce promotion and strategies, email marketing, networking.

We are looking forward to working with you!

Email or give me a call if you are interested

Warm regards,

Phillip Quay
